

## **BIDEFORD CAMERA CLUB**

This week evening started with a fascinating presentation on the Exeter Canal and Custom House by Lawrie Fishleigh. With many of the buildings shown in the early photographs still very recognisable in the present day.

The second half saw the results of the last challenge “to photograph a household item in an interesting way” and this produced some quite intriguing renditions. Biddie Bix trio of “soap bubble and straws”, “Rices Legg” and “Forkspin” which raised much discussion. Ian Parsons had sat in splendid isolation, waiting for inspiration on his way to some splendid plumbing pictures. Steve Carson’s creative as usual created “4 candles and 4 Forks” which particularly enthralled the audience. While of Judith Flack’s set offered a beautifully photographed and puzzling shot of a “fat ball in the cosmos”.

Topping off the evening was a “photographer to note” Esme Lloyd who is a young (19) Dorset based photographer who is finding fame in particular with her imaginative studio orientated work and is currently exhibiting at the Thelma Hulbert Gallery in Honiton.

After the AGM we have just one more member evening on May the 3<sup>rd</sup> before moving onto our summer programme. Full details on the website.

.

New members are always welcome and can come along for a free taster session - for further encouragement email [enquiries@bidefordcameraclub.co.uk](mailto:enquiries@bidefordcameraclub.co.uk) or see the website <https://bidefordcameraclub.co.uk/>
