

BIDEFORD DISTRICT PHOTOGRAPHY GROUP

A really lovely summer evening enticed the group to visit Ilfracombe last week. A large variety of subject matter fell under the scrutiny of the group's lenses, stunning seascapes, the idyllic harbour all the way to the migratory sun-burnt tourists in their summer plumage.

Pleasingly a number of members set up tripods and tried to implement some multi-exposure stitched panoramas as inspired by Steve Carson's recent masterclass. We await the results with interest.

Next Tuesday evening 26 July we will be having a members evening and reviewing recent pictures and responses to the regular challenge. This will be at the Blue Lights Hall Appledore from 7.30pm.

Also, many members are really looking forward to our next away day trip to Meeth Nature Reserve on Saturday the 23rd July, which has the potential to be excellent with lots of wildlife along the waterways.

Anyone wishing to come along is welcome, please come over and make yourself known to one of the members – lots of cameras will be a bit of a giveaway as to our identity. We really are a friendly bunch so do come and have a chat.
