

BIDEFORD DISTRICT PHOTOGRAPHY GROUP

Appledore welcomed the group on a glorious summer evening. Although the group regularly visit the location there is always something different and interesting for the probing lenses to seek out.

Steve Carson was seen setting up his tripod and tried to implement some multi-exposure stitched panoramas.

Of course the evening is not all about serious photography but more encompassing the social as well as the artistic and Appledore will cater for this with it's famous fish and chips, ice creams and pubs.

Next Tuesday evening 2 August we will be travelling to South Molton.

Also, many members are really looking forward to our next away day trip to Tamar Lakes Sunday 28th August which has the potential to offer a completely different environment and with lots of wildlife along the waterways.

Anyone wishing to come along is welcome, please come over and make yourself known to one of the members – lots of cameras will be a bit of a giveaway as to our identify. We really are a friendly bunch so do come and have a chat.
